Independent Auditors' Report

Board of Trustees Futures in Education

We have audited the accompanying financial statements of Futures in Education, ("Futures") which comprise the statement of financial position as of December 31, 2016, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material statements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Futures in Education as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Futures in Education's 2015 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated April 13, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended – December 31, 2015 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Futures in Education

Notes to Financial Statements
December 31, 2016

1. Organization

Futures in Education, formerly “The Futures in Education Endowment Fund for Brooklyn and Queens” (“Futures”), was established to support and to assist the Roman Catholic Diocese of Brooklyn in its Catholic educational mission by providing supplemental funding and other assistance for all programs and services, including capital projects, in Catholic elementary and secondary schools or elsewhere in the Roman Catholic Diocese of Brooklyn.

Futures is classified as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingencies at the date of the financial statements and the amount of revenue and expenses recognized during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with maturities of three months or less at the time of purchase and consist principally of funds maintained in checking and money market accounts.

Pledges Receivable

Unconditional promises to give are recognized as contribution revenue in the period received. Pledges receivable that are expected to be collected in future years are discounted at their net realizable value using a risk-adjusted discount rate. The discount is amortized and reflected within contribution income in the statement of activities over the period in which the pledge is expected to be collected.

Allowance for Uncollectible Pledges Receivable

An allowance for uncollectible pledges receivable is estimated based on a combination of write-off history, aging analysis and any specific known doubtful accounts.

2. Summary of Significant Accounting Policies (*continued*)

Net Asset Presentation

The financial statements report amounts separately by class of net assets based on the presence or absence of donor restriction. Unrestricted net assets are those that are not subject to donor-imposed stipulations. Temporarily restricted net assets are those which are stipulated by donors for specific operating purposes. Permanently restricted net assets are those which are established by donor restricted gifts to provide a permanent endowment. When a donor restriction expires, that is when a stipulated time ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction.

Functional Expense Allocations

The costs of providing the various programs and other activities of Futures have been summarized on a functional basis in the accompanying statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Such allocations are determined by management in accordance with grant provisions and/or other equitable basis.

Fair Value of Financial Instruments

Futures follows U.S. GAAP guidance on *Fair Value Measurements*, which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable inputs and are used to the extent that observable inputs do not exist.

Investment Valuation

Investments are carried at fair value.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Realized and unrealized gains and losses are included in the determination of change in net assets.

Futures in Education

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Contributions

All contributions are considered available for unrestricted use, unless specifically restricted by the donor.

Income Taxes

Futures recognizes the effect of tax positions only when they are more likely than not to be sustained. Management has determined that Futures had no uncertain tax positions that that would require financial statement recognition or disclosure. Futures is no longer subject to U.S. federal, state or local income tax examinations for periods prior to December 31, 2013.

Reclassification

Certain reclassifications have been made to 2015 information to conform to 2016 presentation.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is April 27, 2017.

Prior Year Summarized Information

The financial statements include certain prior year summarized comparative information in total only, which does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with Future's financial statements for 2015, from which the summarized information was derived.

3. Concentration of Credit Risk and Other

Financial instruments that potentially subject Futures to concentrations of credit risk consist principally of receivables, which are expected to be collected in the normal course of business, and cash at financial institutions that at times may exceed federally insured limits. Balances maintained with banking institutions exceed the Federal Deposit Insurance Corporation's insurable limit. Futures has not experienced any losses on its cash deposits.

The investment portfolio is diversified by type of investments and industry concentrations so that no individual investment or groups of investments represent a significant concentration of market risk.

As of and for the years ended December 31, 2016 and 2015, approximately 39% and 58% of support was received from a single donor, and five donors represented approximately 95% and 97% of total pledges receivable.

Futures in Education

Notes to Financial Statements
December 31, 2016

4. Pledges Receivable

Futures received unconditional temporarily and permanently restricted pledges which have been recorded net of a present value discount of 5.08% and 3.19% and an allowance for uncollectible pledges at December 31, as follows:

	2016	2015
Due in one year or less	\$ 3,503,160	\$ 3,348,180
Due in two through five years	2,709,000	2,707,500
	6,212,160	6,055,680
Less discount	(535,251)	(455,572)
Less allowance for uncollectible pledges	(19,950)	(29,016)
	\$ 5,656,959	\$ 5,571,092

5. Interest in Net Assets of Catholic Foundation for Brooklyn and Queens

The Catholic Foundation for Brooklyn and Queens ("CFBQ") is a not-for-profit corporation affiliated with the Roman Catholic Diocese of Brooklyn that invests in managed investment portfolios to provide income to support Diocesan programs. CFBQ holds and manages financial assets of Futures without variance power by Futures. CFBQ will hold and invest the assets in perpetuity and periodically award grants to Futures. This interest is carried at fair value based on net asset value per CFBQ. For the years ended December 31, 2016 and 2015, contributions of \$3,500 and \$150 were donated to CFBQ on behalf of Futures.

6. Assets Measured at Fair Value

The following are the classes and major categories of assets at December 31, grouped by the fair value hierarchy for those assets measured at fair value on a recurring basis:

10. Endowment Fund (continued)

Interpretation of Law

Futures has interpreted the New York Prudent Management of Institutional Funds Act (NYPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary and except in those cases where the law allows appropriation for spending of the original gift amounts. As a result of this interpretation, Futures classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor restricted endowment fund that is not classified as permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by Futures in a manner consistent with the standard of prudence prescribed by NYPMIFA.

Return Objective and Risk Parameters

Futures maintains donor-restricted funds whose purpose is to provide long term support for its charitable purpose. Future's investment policy calls for the endowment assets to be invested in accordance with sound investment practices that emphasize long-term investment fundamentals. The primary emphasis is to accumulate wealth over time, rather than current income.

Spend Rate Policy

The spending formula for each fund is as follows: distributions of up to 5% of the average 20-quarter valuation of the endowment's net investment assets plus fees and expenses. Spending should come from unallocated cash, then from securities in order of liquidity upon recommendation of the investment manager.

11. Transactions with Catholic Foundation for Brooklyn and Queens

Futures reimburses CFBQ for payroll costs and other charges incurred throughout the year on behalf of Futures. During 2016 and 2015, total charges incurred by CFBQ on behalf of Futures totaled \$915,568 and \$306,578. Amounts due to CFBQ bear no interest and have no specified date of repayment.
